

**INTERNATIONAL JOURNAL OF SCIENCE ANNALS (IJSA)**

**REVIEWER EVALUATION FORM**

**Title of Manuscript:** \_\_\_\_\_

**Registration number:** \_\_\_\_\_ **Date:** \_\_\_\_\_

| No.  | Questions for the Reviewer   | Yes | No | Specific Comments              |
|--|--|-----|----|--------------------------------|
| 1  | Is the title relevant to the Journal's academic profile?   |     |    |                                |
| 2  | Is the title academically relevant and practically useful?   |     |    |                                |
| 3  | Does the title reflect the content and aim of this manuscript?   |     |    |                                |
| 4  | Does the introduction clearly set aims?  |     |    |                                |
| 5  | Is academic reasoning logical and convincing?  |     |    |                                |
| 6  | Are the research results methodologically correct? Give possible suggestions if you think that some corrections and clarifications are needed.     |     |    |                                |
| 7  | Do the conclusions fully and accurately reflect the results of the study? Do they indicate what is new and offer suggestions for further research? |     |    |                                |
| 8  | Can or should some parts of the manuscript be reduced, deleted, expanded or revised?   |     |    |                                |
| 9  | Would you recommend some refinements in terms of style and language?   |     |    |                                |
| 10   | Are you satisfied with the number, quality and relevance of references?  |     |    |                                |
| <b>Reviewer's recommendation</b><br><br>(choose one) |  |     |    | <b>Accept without revision</b> |
|  |  |     |    | <b>Accept after revision</b>   |
|  |  |     |    | <b>Reject</b>                  |
